User PUT method

The screenshot displays the Progress Telerik Fiddler Classic interface. The left pane shows a list of HTTP sessions. A red arrow points to a PUT request to `https://petstore.swagger.io/v2/user/gerkonum` with a status of 200. A red callout box with the text "Method PUT - update information about user" points to this request. The right pane shows the details of the selected request, including headers, body, and response. The response body is encoded and shows a JSON object: `{ "code": 200, "type": "unknown", "message": "9223372036854761178" }`.
